

Minimum requirements for notebooks used for study and examination purposes

Operating system	Windows 11
Browser	The latest versions of Firefox or Chrome are recommended.
Virus and threat protection	Pre-installed virus and threat protection in the operating system.
Processor	Current Intel Core i5 or Intel Core i7 processor (or equivalent).
RAM	At least 8 GB RAM.
Internal memory	256 GB or more.
Interfaces and connections	WLAN, HDMI, USB-C. One connection must be permanently available for any input from sticks, e.g., for examination software. An extension using an adapter may be necessary.
Battery	A charging cable or mains adapter must be carried with the device.
Functionality	Students are responsible for ensuring that their devices are fully functional.
Rights	Students must ensure that they have all the necessary authorisations to install and uninstall applications on their notebooks and that they can do so independently.

Tablets: Tablets and similar devices do **not** fulfil the minimum requirements.

The degree programme will communicate additional programme-related specifications.
