

# ECTS – Master-Bridging Course

## Economics (*online, english*)

### **Course objectives**

The aim is to meet the admission requirements for the MARM and MIBF Master's degree programs with regard to business management knowledge at university level.

After the successful completion of the course students are able to understand different approaches in economics. This enables them to participate at courses in economics at Master's level.

- Approaches to economics
- Ontology, epistemology and methodology in Economics
- Neoclassical economics, Keynesian economics etc.

### **Course program**

- Self-study of learning materials
- Coaching meetings available

### **Assessment**

Students have to prepare a short essay of 5 pages on a topic they choose. Final exam online via skype.
